We help you establish financial wellness through individualized one-on-one coaching.

Our certified financial coaches help you manage your personal finances while offering ways to reduce your carbon usage through transportation options, home energy upgrades, and tax credits and incentives. Together, we can help boost your savings and improve your life.

Coming together to help you save
Green Saving Smart is a program of Vermont Community Action Partnership, a network of five agencies working together to improve your life and help you access energy savings that reduce your carbon footprint.

**Reduce energy.
Save money.
Live better.**
